- **All participants must be OEF members or have equivalent insurance**
- **Meals available, provided by C-Bar Farms, must be pre-booked.**

**CLINIC Format:** Shaw says, "Generally I have the participants come in and give some information about their horse and what improvements they are looking for. I like to see the owner working the horse so that I can evaluate both and then I will begin working with the horse to establish a "game plan" and then I like for the owner to ride or work the horse at the end of the session."

### **About Shaw Laney:**

An avid rider and competitor since his early youth, Shaw started professionally training horses for others by the time he was sixteen years old. What started out as a hobby had suddenly turned into a business and Ra-Shaw Farm was established as a full-service Paso Fino training facility. Over the years, Shaw and the horses he has trained and shown have won a combined number of over 60 National and Reserve National Championships. In 2003, Shaw was honoured to have received the Paso Fino Horse Association's **Trainer of the Year** award. Shaw and his family recently relocated to Enoree, SC in 2006 with a new facility and new name, Cedar Lane Stable Inc. A beautiful, state-of-the-art training facility, Cedar Lane Stables is complete with 30 stalls, indoor round-pen, hot & cold wash racks, grooming/tacking areas, office/bath, and acres of rolling pastures and trails. <http://www.cedarlanestable.com/>
